LD 780

The voters in Maine do not want another extreme law that allows abortion at anytime during a pregnancy. LD1619 is already a law that Maine voters reject overwhelmingly. LD780 is unnecessary and costly especially since we already have an extreme law that allows abortion up to the time of birth. I strongly disagree with LD780 and urge the legislatures to not change our Maine constitution by voting for this proposal. The passing of such a radical resolution would enshrine a right to end the lives of unborn children up until birth, and is reactive, irresponsible, and extremely dangerous.
