

Barbara Bowling  
Oakland  
LD 780

I stand in support of reproductive autonomy for the women of Maine, and am respectfully asking legislators to let LD 780, an amendment to the Maine constitution, to be decided by the voters in the next general election. I ask that legislators not use their personal beliefs regarding women's reproductive rights to keep this from Maine's population, but to allow the people of Maine to decide this critical issue. Thank you.
