

Kelley Erickson  
Portland  
LD 780

I am writing to request your support of LD 780, to enshrine the right to reproductive autonomy in Maine's constitution. As a Maine voter, I support and respectfully ask you to please vote to ensure fellow citizens right to access birth control, right to decide when and if to start a family, right to have agency over one's own body throughout pregnancy and delivery. Thank you kindly for your consideration and time.
