Cumberland Center
LD 780

I ask for your support of The resolution is LD 780, Proposing an Amendment to the Constitution of Maine to Protect Personal Reproductive Autonomy.

Make access to reproductive health care (recognized as such by the World Health Organization) part of our constitution so it has more weight than statutory law.

I've personally had numerous friends receive abortions in college and then go on to be the primary breadwinners of their households AND have children when they were ready to and could be supported properly.
