

Carol Mills  
South Thomaston  
LD 780

Dear Members of the Judiciary Committee,

I am writing against LD 780.

Once again in less than a year, our most vulnerable Maine citizens are under attack under the guise of "reproductive freedom." There is ongoing debate as to whether an unborn child is a human person with inalienable rights or a disposable blob of tissue that infringes on her mother's freedom and rights.

Our "progressive" Democrats--legislators and executive leaders--have gone too far in forcing Maine citizens to adapt to their worldview and values when it comes to abortion. We have witnessed the ruthless, unsavory tactics that many influential state Democrats in the legislature and the Mills' administration have used, even against members of their own party, who may have had different beliefs or questioned the party line when it came to LD 1691. Some "progressive" legislators/state leaders will stop at nothing to advance and impose their agenda on the citizens of this state.

Last year, I got a dismissive response from my state senator and representative (both Democrats) when attempting to engage in a conversation regarding LD 1691. I expect to experience the same for LD 780. But like so many other Mainers, I will continue to stand up for the right to life, liberty, and the pursuit of happiness for all Maine citizens, including those who can't speak for themselves. And I will not vote for legislators who seek to advance their personal agendas while working as public servants.
