LD 780

Senator Carney, Representative Moonen, and Members of the Judiciary Committee, my name is Emma Mohny, I live in Brunswick, and I urge you to vote Ought to Pass on LD 780.

I'm proud to have grown up in Maine, and to have built a life here as an adult. I'm proud of the fact that Maine recognizes every person's right to make their own choices about their reproductive healthcare and how, when, and if they decide to start a family. To me, this means that in Maine, I am a full, equal citizen, with the same rights as my fiancé and my father. I am grateful to live in a state where this is true.

While I am proud that Maine's strong reproductive rights laws make our state a national leader, I know that I can't take those rights for granted. LD 780 presents an opportunity to ensure that future generations have the same rights to make decisions about their own bodies and their own lives—to be full citizens of our state.

I hope that you will offer Mainers the opportunity to make their voices heard and affirm that the Maine state constitution protects reproductive rights—fundamental human rights. Please vote Ought to Pass on LD 780. Thank you.
