Testimony in support of LD 780:

I am a resident of Maine, a mother, and an attorney. I strongly support amending Maine's constitution to protect reproductive liberties, including the right to an abortion. These are fundamental and basic human rights for women, the right to control one's own body. It is critical that these rights remain intact through a constitutional amendment in light of the loss of federal protections. All women deserve this autonomy and to be secure in their right to make their own reproductive choices. Thank you for considering my testimony.

Sincerely,  
Kristin H. Gladd, Esq.
