My name is Kirsten Dargis. I'm a resident of Portland, and working mom of two young children. I strongly urge the legislature to support continued access to abortion for Mainers and strengthening the protections around this key access. As someone who willingly became a mother, I know how hard it is to navigate pregnancy, give birth, and care for children. I would never want someone to be forced to become a parent who does not truly want this responsibility. I believe access to abortion is an important form of healthcare. Thank you for your time and attention to this issue.
