

Philip Dostie

Topsham, Maine

LD 780

Senator Carney, Representative Moonen, and Members of the Judiciary Committee, I am Philip Dostie, a longtime resident of Topsham, Maine, and I strongly urge you to vote "Ought to Pass" on LD 780.

I firmly believe that every person has the right and responsibility to personal reproductive autonomy, a crucial element in determining the course of one's life. I believe that every individual should possess the inherent freedom to make decisions about if, when, and why they may choose to end a pregnancy, gain access to birth control, start a family, or receive any other kind of reproductive healthcare without unwarranted interference from State Government. It is critical for an individual's personal liberty, dignity, and health to be able to shape the course of their own life.

Decisions concerning this fundamental human right should not be subject to governmental administrations, and LD 780 would ensure that the rights enjoyed by Mainers today will carry forward into the future.

Please vote Ought to Pass on LD 780. Thank you.
