Linda Haskell, Co-Chair Republican Party, Garland, Maine. Chairman,
Representative and members of the committee. Ought Not To Pass LD2152 HP 1376.
The State of Maine and the US Government is so far in the RED, that any excess
spending is out of the question. The Legislative Branch of the State of Maine should
have far more serious problems and decisions at hand for the time spent in the
Augusta State House. There are people starving, cutting their expenses for their day to
day existence. It is time to tighten the belt on all of the expenditures. Out Not To Pass
