

Joyce Mendoza  
South Portland  
LD 2167

My name is Joyce Mendoza, a South Portland resident. I would like to express my written support for L.D. 2167: An Act to Develop Maine's Economy and Strengthen Its Workforce by Establishing an Office of New Americans.

To continue to grow and prosper, Maine needs the unique collective talents and experiences of our new immigrants along with those of our current residents. This proposed legislation will ensure that our New Americans will be fully able to participate in Maine's economy now and into the future.
