

Linda Woods
Waterville
LD 780

From what I'm reading, Maine is not doing a good job taking care of the unwanted children who have been removed from unsuitable homes. I read of overworked DHHS social workers; lack of sufficient foster homes; and children left in places of neglect. One way to reduce this burden is to provide women with the option to terminate unwanted pregnancies. I support LD 780 because Maine voters should be able to decide for ourselves.
