

Shirley Storey-King  
Cumberland Center  
LD 1750

My name is Shirley Storey-King, Town Councilor in the great Town of Cumberland. I spoke at the last hearing on 1750. I am writing in strong opposition to 1750. First, no landowners/abutters were included on the RUAC. I attended almost all the RUAC meetings and it was clear this was a hard push by various bicycle coalitions. My concern from a municipal point of view is that of public safety. This would be approximately three miles of trails through Cumberland which at present has NO PUBLIC ACCESS. Furthermore, given similar trails in the Pacific Northwest, I am concerned about Portland's unhoused moving their encampments out here where they can't be policed.
