

Victor Langelo
Topsham
LD 1750

Dear Transportation Committee,

I live in Topsham and I'm testifying in opposition to LD 1750. Sufficient studies of rail restoration on this line have already been done. A bus route would easily handle the demand for transit on this route at a cost far less than trains of any kind. The bus could easily be expanded with greater frequency and more capacity.

I strongly support the interim use of the Berlin Subdivision corridor as a bike and pedestrian trail, as recommended by the Rail Use Advisory Council.
