LD 2167

Distinguished members of the committee, vote ought not to pass on LD2167, "An Act to Develop Maine's Economy and Strengthen Its Workforce by Establishing an Office of New Americans." This is a very bad plan. Between lack of housing and Maine suffering from current progressive policies and other reasons laid out by Steve Robinson in an August Maine Wire article, these outline why. Even my nine year old son could see it is a bad plan. It seems like the current administration wants to drive away Americans and destroy what is left of the idealistic and quaint Maine I moved to over 20 years ago. I don't want Maine to become the trash pit New York City is now because of the influx of illegal migrants. Vote ought not to pass LD2167.
