

William Reid
Skowhegan, Maine
LD 2101

Dear Members of the Committee on State and Local Government,

My testimony is from the perspective of one whose family has enjoyed camps on Lake Wesserunsett in Madison for about 100 years. I have seen damaging shoreland development by people with lots of money but no environmental sensitivity. Towns need help in enforcing Shoreland Zoning ordinances in order to protect lakes such as Wesserunsett for numerous reasons, environmental and economic. I therefore urge you to vote ought to pass on LD 2101, A Act to Strengthen Shoreland Zoning Enforcement.

Thank you.
