LD 2027

It is nonsense that our government agencies' hands are tied by some kind of strained reading of the definition of air pollution control facilities. The government's hands are only immobilized by the mesmerising artistry of Maine Yankee lawyers calling a spade a fork. Maine Yankee is playing the air pollution control exemption statute to get out of its property tax obligation to the Town of Wiscasset. This legislation puts an end to that kind of shenanigans. I urge the Joint Committee on Taxation to unanimously usher LD2027 to the floors of the Senate and the House for immediate passage.
