

James Kossuth  
Town of Northport  
LD 646

The Town of Northport strongly supports LD646. The Town has received just over half of the amount promised as reimbursement for the property tax stabilization program, and the Town based its budget for FY24 on the assumption that the state would fully reimburse the Town, as the statute clearly stated.

It is probably safe to say that every municipality in the state is counting on full reimbursement as promised by the statute. Please pass LD646 and make the municipalities whole.
