LD 2203

Senator Bailey, Representative Perry, and Members of the Committee on Health Coverage, Insurance and Financial Services, I'm Ella Tabasky, I live in Brunswick, and I urge you to vote Ought to Pass on LD 2203.

Access to birth control is an essential element of reproductive autonomy. Nine in 10 women have used contraception and I am one of those 9 women and I believe that any opportunities to increase access to birth control are necessary to protecting our reproductive freedoms.

Furthermore, nearly nine in 10 adults agree that everyone deserves access to the full range of birth control methods.

It is essential that Maine lawmakers act now to protect and expand the access to contraception with this bill.

Please vote Ought to Pass on LD 2203. Thank you.
