Boys and Girls Club  
LD 2197

Hello my name is Darby Mutagoma. I would like to thank the committee chairs Senator Baldacci and Representative Meyer, and members of the committee. The Boys and Girls Club, especially the efforts that come from the Bridge to Success Teen Center, are the main reason I am at Howard University. When I was younger, the BGC was a second home to my younger brother and I and as we grew older, they continued to support us in every way they could. These plans will help the Boys and Girls Club do so much more for so many more children. Thank you for your time.
