Rumford  
LD 2214

My name is Crystal DeRoche and I am a Ally for Larry Labonte Recovery Center. I am calling on the appropriations committee to fund LD 1714. I have seen this Recovery Center help people and what they do for my community. They are doing so much for this community and the members. I am proud to be an ally of there's. My brother in law died from overdose a couple years ago and had he had a support system like this recovery center in his community he probably would still be here. So please help recovery centers like Larry Labonte with this funding so we can continue to help and reach more people.
