LD 2007 TESTIMONY

Senator Carney, Representative Moonen, and Members of the Judiciary Committee,

I'm Daniel Hall, I live in Portland, and I urge you to vote Ought to Pass on LD 2007.

It has recently come to my attention that the Wabanaki Nations in Maine have a different, more restrictive status than all 570 other federally-recognized tribes in the United States. While a vote Ought to Pass will not fully undo the harm caused by past policies, it is the minimum action required to address the injustices of the past and is a fundamental principle of justice and respect for Indigenous sovereignty.

Please vote Ought to Pass on LD 2007. Thank you.
