LD 2007

It is time for the State of Maine to stop holding the Wabanaki People back in their quest for justice and the ability to prosper. Please vote in favor of LD2007. I am personally ashamed that Maine has not come to grips with the reality of this issue. It reminds me of the situation depicted in the movie "Killers of the Flower Moon". The Wabanaki Peoples have endured this unfair situation for long enough. Thank you.
