LD 2007

Dear Members of the Judiciary Committee,

Please support LD 2007. It's time for the State of Maine to stop obstructing Wabanaki sovereignty. As a non-indigenous person living in Maine, I want to respect the people whose homeland this is, honor them for their ability to be here still, and support their efforts to survive, culturally and materially, and to thrive. LD 2007 is what they understand they need, and thousands of us who are not Indigenous are working with them to push this bill forward. Please join us!

Thank you for your work.
