

Vincent Falardeau
Harpwell
LD 2007

Sen. Carney, Rep. Moonen and members of the Judiciary Committee, my name is Vincent Falardeau and I am writing to declare my support for LD 2007, An Act to Advance Self-determination for Wabanaki Nations. For too long, the Wabanaki have possessed less self-determination than other Native American Nations throughout the United States. It is high time that the State of Maine recognize the legal rights of the Wabanaki to self-determination. LD 2007 would be an excellent step toward improving the state's relationship with indigenous peoples in the Dawnland. Thank you for your time and consideration.
