LD 2007

Dear Senator Carney,

As a resident of Cape Elizabeth I am writing to add my support to LD 2007. The centuries of injustice that the Wabanaki have endured under the Maine government are disgraceful. It is a history that should be taught to all Maine public school children.

I am dismayed that Governor Mills remains opposed to efforts to correct these grevous wrongs. LD 2007 is one step on our attempts to do the right thing. I strongly support it.
