

Karolyn Buck  
West Bath  
LD 2007

I'm a Mainer living in the Bath area and my husband and I support advancing self determination for the Wabanaki nations. This will be a major step forward not only for Wabanaki people but for all Maine people. It will support us all and our togetherness in solving the environmental, housing, food, childcare, and other social problems we are all currently facing. I wish I could write more, but I'm coming down with a cold. I will just end by saying that I stand with the many Maine businesses and organizations who support this measure. It's time.
