

Christine Fowler
Belfast ME
LD 2007

I am of Anglo-European heritage, and grew up in Millinocket. My ancestors have called the Penobscot River watershed home for eight generations, ever since Thomas and Betsy Fowler migrated to the lower West Branch of the Penobscot with their children. For generations, people in my family have had pivotal relationships with their native neighbors, including my father's ongoing connection with his childhood friend who now lives on First Nations land in Canada.

I was raised with a strong commitment to supporting what is fair, just, and reasonable, and it seems to me that LD2007 is all of these.

Please support this bill on behalf of the Wabanaki people, and for the benefit of all of us who call Maine our home.

Sincerely,
Chrissy Fowler
