LD 2007

Dear fellow Mainers,

According to the U.S. Census data in 2019, childhood poverty rates within Wabanaki communities range from a low of 40% at the Passamaquoddy Tribe at Motahkomikuk community to a high of 77% for the Mi'kmaq Nation in Aroostook County. By comparison, Maine's childhood poverty rate for the same period is 15%.

Anything we can do to support the health, wellbeing and recovery of the Wabanaki communities - we must do unequivocally.

Let's get on the right side of history.

I support LD 2007 enthusiastically and with deep determination.

Respectfully,

Sage Hayes
