Auburn  
LD 2007

Good morning, thank-you for taking the time to read my testimony. My name is Eric Dombroski, a Navy veteran and doctor living and working in Maine. My family and I fully support self-determination for all first nations people.. Reconciliation efforts are needed to serve justice, acknowledge the grave mistakes of our ancestors and attempt to make amends for our dubious past and do what is right. Please support and honor the Wabanaki Nations by supporting this bill. Thank-you.
