

Sandra Radis
Portland
LD 2007

Dear Senator Carney, Rep Moonen, and members of the Judiciary Committee, My name is Sandra Radis and I live on Peaks Island. I am writing to testify in support of LD 2007.

I have children and grandchildren who live in Maine and I am proud to live in Maine as I feel we care about the environment and the people of the state. It is wrong that the Wabanaki do not have the same rights as other Native American tribes in the US. It is unfair and needs to be corrected. I am not proud of our state for denying the Wabanaki their rights to self govern. My grandchildren are learning about this issue in school and don't understand how the state of Maine can be so wrong. Please support LD 2007 so my grandchildren will feel as proud to live in Maine as I usually feel.

Thank you for making me proud to be a Mainer.

Sandra Radis
