Standish
LD 2007

Dear committee members, thank you for the opportunity to comment on LD2007, An Act to Advance Self-determination for Wabanaki Nations. I support the inherent rights of Wabanaki peoples to make determinations concerning legal, health, and commerce decisions for their own people and to be recognized as are the other 540 recognized tribes by the United States Government concerning lands in trust set aside by treaty. It is time for Maine to stop acting as overseers of the Wabanaki Nation and allow them total sovereignty to make their own decisions. Thank you,
Deb Boxer Sebago Lake, ME
