

Elizabeth Cooke  
Ellsworth  
LD 2007

To the distinguished members of the Judiciary Committee,

My name is Darcy Cooke and I am a longtime Maine resident, currently living in the Ellsworth area. I am writing today to strongly support the passage of LD 2007. Self-determination is a natural, inherent right that the State of Maine has withheld from our Wabanaki neighbors for far too long. We have a chance to finally remedy this situation and acknowledge that the local tribes are not, and never have been, beholden to us. This is very simply put, the right thing to do. Please vote in favor of Wabanaki Sovereignty today!
