

Susan Lane
Bridgton
LD 40

I am in support of LD 40. I am a medical patient, I grow for personal use, and I shop at AU stores as well. I have family who works in the adult use cannabis industry and I see the stress caused by many administrative roadblocks that LD 40 clears up. Also, as a consumer, I would like to be able to bring my granddaughter in the store with me just like the liquor store. She is 3, she doesn't understand what I am buying, but I can't leave her in the car.

Thank you for your time,

Susan Lane
