Chairs Donna Bailey and Anne Perry and HCIFS committee

My name is Susan Neale of Brunswick and you are getting this today because I am out of town on vacation. But I would be standing there tomorrow the 5th to say this :"
No matter your political beliefs you may be making our state become kidnappers and child trafficking with this ATROCIOUS bill LD 227 " An Act Regarding HealthCare in the State".What you will be doing to children and teens and young adults is a crime. I don't care what anyone says . It is wrong .Do you really think this committee and Maine Democrats know better than courts and other 49 states of the US. NO !
Therefore in the name of God please HCIFS committee Vote Ought Not to Pass on this Horrific, Horrible bill LD 227 please !!God Help The State of Maine .Thank you for time.

respectfully submitted
