

Shane Curtis
PEMBROKE
LD 2224

To the members of the Judiciary Committee:

My name is Shane Curtis of Pembroke, Maine. I am 48 yrs old and lived in Maine all 48 yrs.

All of you are likely old enough to recall the day in which it was normal to have a gun in your unlocked truck. The issue is never the tool (in this case the gun), the issue is the hearts of men. Evil is being promoted as good. I implore you to please reject LD 2224. Instead, begin to legislate to protect the home where Mum and Dad are married and committed to their marriage and their family. When you do this you will see gun violence fall. That is the only answer.
