LD 2119

LD 2119 gun control bill to waiver one's rights owning a firearm is full of lies as explained today. They say it is not a permanent record but it will become a permanent record so they can censor you or keep track of you permanently. No privacy anymore??? That's unconstitutional. The DMV motor vehicle is already doing this with me so I am proof of it and it is forced against my will in which i can not remove myself. ALL liars. LIARS....LIARS. Do Not trust anyone. Do NOT force Maine citizens to lie in order to defend themselves.
