LD332 Ought Not To Pass. Chairman and committee members. Wayne D. Haskell, Garland, Maine The Maine State Election Laws are more than adequate, fair, legal and have been enforced for numerous years. Now we have some naysayers that have decided to upend the legal rights of the Maine voters. It is not necessary to Amend the State's Election Laws. This month the Sec. of State put out a Ranked Choice Vote Primary Election, which had not been voted on or approved by The People of the State of Maine. Underhanded and deceitful goings on in the Augusta State House. Enough of this unlawful process of playing the People. LD332 OUGHT NOT TO PASS. Wayne D. Haskell, Garland, Maine
