LD 2224

To the members of the Judiciary committee. My Name is Gregory Bagley and I just wanted to voice my opposition to LD2224. These new laws will not help keep people safe but will prevent law abiding citizens from exercising there second amendment rights. These laws will not stop another mass shooting. We need to enforce the laws on the books, for example the Yellow Flag law which was not used for the Lewiston shooter. If the government and law enforcement had used and enforced that law many lives would have been saved. Please vote against this bill, and I also want to thank you for your time.
