

Jessica Hersey
Durham
LD 2224

My name is Jessica Hersey.

I am resident the town of Durham, Maine.

I want to provide testimony on LD 2224 (GOVERNOR'S BILL) "An Act to Strengthen Public Safety by Improving Maine's Firearm Laws and Mental Health System".

I am testifying against the LD 2224 bill.

In the Lewiston shootings, it is a fact that Police responded in 90 seconds, to the 911 calls, from Schmegges Bar & Grill. Adding more gun laws is only false security for the public, and strips legal Americans of their constitutional rights to purchase & own firearms for their own personal safety. I stress and beg that Maine's Mental Health System repairs remain independent of any gun law. Thank you.
