I ask you to vote "ought not to pass" on this bill. This hinders with our Second Amendment right to have, obtain, and own firearms. Our Constitution was brilliantly written by our Forefathers because they knew there would be a day when someone would want to take them away from us to control us and our country. That day is fast approaching, and I am asking you to not help our enemies take over our country. Without the ability to protect ourselves this is inevitable. Again, please vote "ought not to pass" and help to keep our state and nation defensible against those who would defeat us. Thank You!
