I oppose LD 1340 - An Act to Prohibit the Sale or Possession of Rapid-fire Modification Devices . The Modification Devices that you refer to is under the single pull of the trigger law, so going forward with this bill will end up in court and costing Maine taxpayers money and the Modification Devices will be thrown out of court because there's a law on the books for single pull of the trigger. Stop and think before you try making new laws when you can't win against the US CONSTITUTION SECOND AMENDMENT.
