LD 2283

I am asking you to vote Ought Not To Pass LD 2283-An Act to Enact the Crisis Intervention Order Act to Protect the Safety of the Public.

It is unconscionable what Sen. Carney did when she moved the public work session with the ATF to a secretive closed-door meeting, Republicans objected and demanded transparency. These calls for good governance were ignored by Carney, who refuses to give specifics about her meeting with the ATF.

I come from a family with a long history of law enforcement. My father Sgt. Richard A. Gosselin was a Ma. State Trooper, my brother James Gosselin is recently a retired Sgt. with the Berlin Police department in Ct. We all know how important our second amendment rights are to ensure the safety of our families. With the influx of illegals coming in by the 10's of thousands and Gov. Mills planning on bringing in 75,000+ here in Maine is putting our families at great risk. As a small business owner of Gosselin Realty Group, I am seeing first-hand the negative impacts of increased crime, murder and now squatters taking over vacant homes making our neighborhoods extremely unsafe. My family and I have personally experienced squatters taking possession of our neighbors house and having to have the police come and engage them after a standoff they arrested them and had them removed. They were armed. This information is public knowledge. Our communities in Maine are no longer safe and we need to protect ourselves because our government is not! I support our Second Amendment Rights and I am asking you to Vote Ought Not to Pass LD 2283. This bill is intended to do more harm than good to the good families of Maine.
