

Scott Saunders
Hollis
LD 2283

Hello,

My name is Scott Saunders, and I am a resident of Hollis , Maine.

I would like it to be put on record, that, I am against any Red Flag law being proposed.

My reasoning is simple. These types of laws, while helpful on paper, have many sinister uses. This type of law has demonstrated many times that it can be used in nefarious ways by upset ex-girlfriends, wives family members and in some cases ex-boyfriends.

This law takes away a person's firearms without due process, leaving the person with no choice but to retain counsel at a hefty price tag. Along with a hefty cost, the person also suffers the pain of a tarnished reputation.

From the research that I have done, it has shown, our Yellow Flag laws have been working up to the Lewiston tragedy. It has also been pointed out in the media, there was a lack of follow up on the behalf of the Sagadahoc County Sherriffs Dept.

These types of laws are reckless and do nothing to stop these tragedies, they only harm the law abiding citizens.

Thank you for your time
