LD 2283

Please support LD 2283 to provide a means for law enforcement and families to ask a court to effectively intervene and protect our community or family members from senseless gun violence by temporarily removing guns from a person in a mental health crisis or a person who poses a risk of harming themselves or others.

I am a hunter and gun owner. I respect Second Amendment rights, and I believe that protecting our rights and protecting public safety are not mutually exclusive.
Please support LD 2283.
