To Judiciary Committee: The US Constitution and the Maine Constitution PREVENT you from infringing on our rights to own and carry ANY weapon. You can make it a crime to use it for criminal activity. You can increase penalties for committing a crime while possessing a weapon. Mental health support is a good thing BUT you CANNOT stop anyone from owning, possessing, carrying a weapon because you THINK they MIGHT be a threat. I consider YOUR continued attempts to infringe on our right to be harrassment. Please stop your harrassment both now and in the future.

Our rights come from GOD and not the government. NO OTHER RIGHT REQUIRES YOUR PERMISSION TO EXERCISE.  
Go after criminals, not law abiding citizens.
