LD 2283

My name is Mary Roy. I'm a resident of Oakland, a survivor of domestic abuse, and an avid 2nd Amendment supporter. LD2283 should not be passed. Maine currently has laws that are not enforced. Making more won't stop criminals and people intent on doing harm. Legal, law abiding citizens are the only ones that will be affected by this bill. Restricting law abiding citizens the ability to bear arms is unconstitutional.
