LD 2283

I am totally opposed to bill LD 2283. We already have a Yellow Flag law in place which is working very well, as I understand from various law enforcement sources. This bill is just another attempt to take away citizens 2nd Amendment rights which we have under the Constitution. Red Flag Laws are an overreach and are unconstitutional. I will not support anyone who works against the best interests of their citizens. Please vote NO on this terrible bill.
