Please do the right thing and protect the people of this state. Enacting logical and safe legislation is possible within the broad definition of the 2nd amendment. What we want is to be able to go bowling, go to the movies, grocery shop, and send our children to school without the concern that our loved ones will be shot to death. It's not that hard to do, as evidenced by every other nation in the world. Do the right and brave thing and pass this bill. Prove to Mainers that you care about our livelihoods and our future.
