I am a woman Veteran who served our country in the Vietnam era. I was a snot nose kid of 18 and Naive when I joined the Navy. I was so proud of myself when I graduated Boot Camp..while there I was taught alot about using a side arm..including taking it apart and reassembling it. My belief in this bill is someone taking our god given writes under the Constitution of the America away from the citizens of this country.

I want you to know that I believe you have to have respect for your fellow citizens.. However, I also believe if my life or the lives of my family or friends were jeopardize I would not hesitate to use a gun or whatever means I had at my disposal
